By its use it is made possible for a few policemen to take care of a large crowd.

According to program, a crowd of colored men, janitors and others employed about the police stations, will break through the lines and crowd the police. The "crowd rope" in the hands of the policemen will then be brought into play and an exhibition of hustling the men out of the way will be given.

The second performance scheduled is a trial run of a fire company. The Trophy Formally Presented by Commissioner Wight.

THE LINE REVIEWED

The police and fire departments made a fine showing on their annual parade this afternoon, and as the line moved from Pennsylvania avenue and 18th street to the Peace monument many cheers were given by the crowds on the sidewalk.
